We have chosen Phyllis Thompson for our benefit. We would like to raise some money for insurance, medical, and travel expenses.

She has been suffering with diabetes for years; which has caused the loss of some sight. She recently had cataract surgery on one eye and it seems to have helped her gain some of her sight back; however she is still in need of having the procedure done to the other eye.

Last year she suffered a stroke, which made her lose the use of one arm. She has since then lost her job and can no longer work.

Stop by and show your support for Phyllis. Everyone is welcome.

If you would like to make a donation or volunteer your time, contact Missy at (715) 797-5788 or (715) 926-6350 or you may drop off your donation at Porky's Pub. Thank you for your support!
